THE YEAR IN REVIEW

What did we do this year?

This year marked significant progress for our team. We were awarded 25 new projects along with 31 miscellaneous projects, keeping our crews busy. Through teamwork and dedication, we successfully completed 19 projects throughout the year.

In addition, we implemented a new online platform, SiteDocs, to streamline documentation and significantly reduce paperwork – improving efficiency and keeping our teams focused in the field.

Overall, it was a productive year that set a strong foundation for continued success moving forward.

EMPLOYEE SPOTLIGHT

Peter Madley – Pipelayer

This month, we're proud to highlight Peter madley, one of our skilled pipelayers whose positive attitude and strong work ethic make him a standout member of the GCUC team.

Peter moved to Florida from New Haven, Connecticut when he was just 8 years old. He joined GCUC four years ago and has continued to grow his expertise and leadership on every project he touches. His favorite project to date has been setting the lift station at Tyndall Air Force Base – a job that showcased both his technical skill and his steady, can-do approach.

Known for his upbeat personality, Peter is always putting a smile on his crew's face and is rarely heard saying anything negative. His attitude brings energy and encouragement to the team, no matter how challenging the day.

Outside of work Peter enjoys unwinding with video games and spending time hunting. He's also got a unique talent for building miniature heavy equipment models out of Legos – an impressive hobby that reflects both creativity and patience.

We appreciate everything Peter brings to GCUC and are grateful to have him on our team. Thank you, Peter, for your dedication and positivity.
